GYHC Presents.... Ayurveda Consultation with Dr. Indu Arora

Do you want

- **To know about your body type and get an expert advice on your nagging health concerns?**
- **To live a Happy and Healthy life naturally?**

Then, come meet Dr Indu Arora, an internationally renowned Ayurveda Consultant!

What is Ayurvedic Consultation?

Ayurveda is India's 5,000-year-old "Science of Life" and it is the art of living in harmony with nature. Your Dosha is your Ayurveda mind and body type.

There are three doshas in Ayurveda: Vata, Pitta, and Kapha. We each have all three of the doshas in our physiology, just in different proportions, so your dosha is unique and personal; it is like your fingerprint. To determine your ayurveda mind types, Dr. Indu will start by taking the **dosha quiz**. This will tell you which dosha is dominant for you and then she will **check your pulse, skin, eyes, nails, tongue etc** to know the state of balance/imbalance in your body. You will also get to know the appropriate **holistic diet and life style, Yoga Therapy** to stay in sync with nature and yourself. **She will guide you with simple kitchen and herbal remedies** for ailments and/ or your body type.

It helps in conditions like obesity, poor metabolism, diabetes, insomnia, asthma, allergies, joint pains, constipation, irritable bowel syndrome, lumbago, hormonal imbalance etc to name a few.
